Subject: Hail absence

Dear [REDACTED],
We continue to have problems with acts of intimidation against Hail while she is on campus. We have asked District administration to deal with this, but have not yet received a response. Until this is dealt with we do not feel that we can allow her on campus without an escort. Neither Karyl nor I are able to be there today, so Hail will be unable to attend class today. She will be in class tomorrow.

Thank you.

Hello Michael,

I am concerned about your daughter also. Have you contacted site administration about the latest threats to your daughter?

[REDACTED]

Mr. Starkweather,

The last threat that we forwarded to the School administration was one in which Joey Jones said (after becoming aware that we had reported the facebook video containing threats to Hail of death and rape that was posted on his "wall") that this will be "the biggest mistake of your life" (reporting the video to school administration). When we reported this threat, Mr McCulloch called it "some made up thing", despite the fact that the threat was made in the presence of others whose names were provided to him.

The latest incidents have involved threatening gestures clearly intended to intimidate Hail. Based on the reaction to the previous, witnessed verbal threat and other recent events we feel that our communications are falling on deaf ears. If you know of some way to change this we would like to hear it.

Thanks for your support.
